

22/23 SPECIFICATION GUIDE

MESSAGE TO OUR VALUED CUSTOMERS:

With the printing of our 2022-2023 Specification Guide, Rev-A-Shelf is very aware of the problems many of our best customers continue to experience when trying to receive products in a reasonable time frame. We have produced and shipped a record amount of material in the past 12 months. However, our supply chain and access to a consistent workforce in Kentucky has made it impossible to keep up with the current order volumes. We expect this to get incrementally better as the year progresses.

Also, due to the volatility of material and logistics costs, we have decided not to print an SLP (Suggested List Price) this year. Pricing can be accessed by scanning the QR code located at the top of each spread throughout the Specification Guide. This will allow us to offer the most up-to-date pricing throughout the year, giving our customers confidence when quoting or planning their design.

Thank you!

David Noe - GM

PRODUCT CHART

We've simplified our product chart and added a couple of columns to help make your buying decisions easier.

For overview and installation videos on many of our products visit: rev-a-shelf.com/videos

Drawer Pullout w/ Euro Slides		
PRODUCT	DESCRIPTION	DIMS
4WDB-12	Pullout Drawer	11" (280 mm) W x 18-1/2" (470 mm) D x 5-5/8" (143 mm) H
4WDB-15	Pullout Drawer	14" (356 mm) W x 22-1/2" (572 mm) D x 5-5/8" (143 mm) H
Drawer Pullout w/ BLUMOTION Soft-Close		
4WDB4-18SC-1	Standard Drawer	14" (356 mm) W x 21-5/8" (549 mm) D x 4-7/8" (124 mm) H
4WDB7-18SC-1	Tall Drawer with dividers	14" (356 mm) W x 21-5/8" (549 mm) D x 8" (203 mm) H
4WDB4-24SC-1	Standard Drawer	20" (508 mm) W x 21-5/8" (549 mm) D x 4-7/8" (124 mm) H
4WDB7-24SC-1	Tall Drawer with dividers	20" (508 mm) W x 21-5/8" (549 mm) D x 8" (203 mm) H

"MCO" = Minimum Cabinet Opening. Our recommended minimum cabinet opening dimensions are based upon installation into 1-1/2" face frame cabinets. This is important because occasionally the width of the product is wider than the part of the product that pulls out of the cabinet.

When both face frame and frameless dimensions are needed, we have listed them as FFMCO and FLMCO. The FF is for face frame and the FL for frameless (aka full access).

MCO	
12" (305 mm)	
15" (381 mm)	

CAB	FIN
B15	Ma
B18	M

"CAB" = Typical Cabinet. We get it, professionals just want to know what size cabinet the product is designed for. So we've tried to identify the typical cabinet for each of our products.

When both face frame and frameless typical cabinet recommendations are provided we have listed them as FF for face frame and FL for frameless (aka full access).

Note: unless otherwise noted, typical cabinet recommendations are based upon 1-1/2" face frame cabinet construction.

COLOR NUMBER CODE

White	11	Blue	22	Orange	20
Black	18	Gray	14	Yellow	21
Orion Gray	13	Champagne	12	Brown	10
Silver	17	Green	19		
Almond	15	Red	16		

WHAT DOES THIS MEAN?

You will notice that our charts contain columns that house MCO's and CAB's for that specific product. Below you will find a bank of what those letters mean.

FF	FL	FH	B	T	W	SB	VB	BC
Face Frame	Full Access (frameless)	Full Height	Door/Drawer	Tall Cabinet	Wall Cabinet	Sink Base	Vanity Base	Blind Corner
a cabinet that has a fixed frame to the front of the cabinet.	a cabinet that allows full accessibility by eliminating the face frame of the cabinet.	a cabinet without a drawer opening, using the whole height of the cabinet.	a cabinet that has a drawer atop the cabinet opening	Tall/ Utility cabinets	a cabinet designed to be mounted above counter tops	a cabinet designed to be used with a sink	a shorter depth cabinet designed to be used in a vanity or bathroom	a cabinet that is in the corner of your kitchen

SWIVEL SHELF PULLOUT

Patent-pending

Built-in "Extension Lock"

The innovative 448SW Series, besides being a versatile space-saving kitchen cabinet accessory, is the only pullout on the market featuring two patent-pending swiveling shelves that allow the user to see and access items with a simple swivel of the shelf, and then return to center with the built in self-centering system. The pullout features an "extension lock" that locks the unit in an extended position, preventing the unit from closing while the shelves swivel. Available for 9" and 12" full height cabinets, they feature natural maple construction with a semi-gloss finish; beautiful chrome accents keep items secured and double as a handle when rotating the shelves. Just add an existing cabinet door to provide seamless integration into any design and make it entirely accessible, gliding effortlessly on full-extension, concealed slides with BLUMOTION soft-close.

NOTE: Designed for 1-1/2" (mm) faceframe applications only

(2) swivel shelves with built-in self-centering axis system

THE SIDEKICK

(3) CONFIGURATIONS AVAILABLE: FOIL, SPICES OR BAKING TRAYS

It seems we never have enough cabinet space to store everything we have, and where we end up storing things isn't always where we need them. But now you can have one cabinet work double and even triple time, with the addition of Rev-A-Shelf's innovative "448 Sidekick". The patent-pending design allows the unit to attach to a 448 base pullout and slide independently, providing access to both the "sidekick" and to the "hero" in which it is attached. Available in three configurations to store baking trays, foils or spices, and constructed from the same wood and chrome materials as our 448 pullouts, it creates one cohesive multipurpose storage solution. Sidekicks can be added to a new or existing 448 pullout with only a few screws and glides effortlessly on ball-bearing slides.

CASSEROLE DISH ORGANIZER

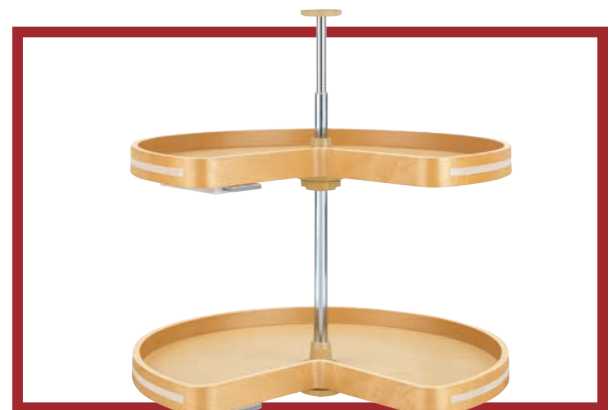

Is your cabinet crammed with casserole dishes that you have to bend, reach and unstack to use? Put those troubles behind you with our 4CDS Series Casserole Organizer. Available for 18" and 24" cabinets, they come with up to (6) adjustable dividers to create up to (7) compartments for casserole dishes, baking trays and so much more. They pull completely out of the cabinet on full-extension, 3/4" over-travel, MOVENTO slides with BLUMOTION Soft-Close for complete accessibility and feature natural maple dovetail construction with a semi-gloss finish.

HALO LAZY SUSAN

Patent-pending and designed in the U.S.A., the Halo Susan features Luniform, 3500K, 5VDC Chip-On-Board (COB) FlexTape® embedded into the side of a Rev-A-Shelf lazy susan to provide wireless, dot-free cabinet illumination. Powered by a 5VDC long-life rechargeable battery, the compass-controlled system automatically calibrates itself during power-up, eliminating the need for user programming. Simply install your susan, plug in the battery and rotate!

WOOD PLATE DIVIDER INSERT

Are your plates piling up or out of reach? Then put them in their place with Rev-A-Shelf's new 4PDI Series Plate Insert. Designed for 36" - 3 drawer base cabinets, they can be cut down to fit a 33" - 3 drawer base cabinet application and drop-in to place. The insert holds: (8) small plates up to 1" thick and 8-1/4" in diameter & (8) large plates up to 1-1/4" thick and 10-3/4" in diameter and can be used with round, square, etc., dish designs.

USB CHARGING DRAWER

Tired of looking for USB adapters to charge your devices and hate having tangled, messy cords strewn about? Then you need our 4WCDB Series USB Charging Drawer featuring maple construction with shock absorbent mat and BLUMOTION soft-close slides, this easy-to-install unit is designed for 18" full access base cabinets and boasts an integrated cord guide to ensure safe operation and an in-drawer charging base with (4) 2.1-amp USB-A ports for charging up several items at one time.

PILASTER UTENSIL PULLOUT

If you need a place to put your utensils, we have the ideal customizable solution with our 4PUT Series Pilaster Pullout. Designed for use with our pilaster system rails, they fit 18" or 24" base cabinets, are made of natural maple and feature up to (5) stainless bins, a chrome wire basket and (2) small compartments, ideal for smaller utensils. Customizable and easy to assemble, they glide effortlessly on full-extension, BLUMOTION soft-close slides and can be used alone, in multiples or to create a custom tall pantry with the addition of our other pilaster drawers (sold separately).

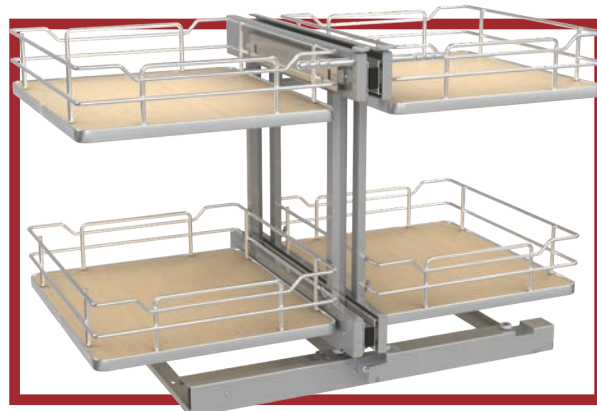

(2) units shown

WIRE DOOR MOUNT WASTE CONTAINER

Good things come in small packages and that is no exception for our 5SOWC door mount waste bin with built-in towel holder. It's 8 L capacity is great for vanities and under kitchen sink applications and the hand towel holder makes drying hands or quick clean-ups a breeze. Designed for 30" sink base cabinets, it comes complete with a metallic silver can, white lid and wire frame that installs with just four screws with matching cap covers for a finished look that accentuates any cabinet.

ELITE BLIND CORNER OPTIMIZER

Give your blind corner cabinet an “elite” upgrade with Rev-A-Shelf’s new 53PSPE Series blind corner optimizer. This blind corner optimizer takes functionality to the next level with two sliding, top shelves that work independently from the lower shelves. Designed for 15” and 18” blind corner cabinet openings, this two-tier accessory comes with solid bottom shelving in your choice of natural maple or gray. It installs for either left or right-handed applications and features stylish chrome-plated round wire accents, full-extension, ball-bearing soft-close slides, and is constructed with heavy-duty materials making it both functional and stylish. **NOTE:** Insert “MP” for Maple Shelf or “GR” for Gray Shelf

BASE CABINET PULLOUT W/ UTENSIL BINS

Rev-A-Shelf's beautiful utensil base organizer is in a new 11" size. Designed to fit 15" full height face frame base cabinets and specifically for storing utensils, it comes with (6) 1.25 qt., removable, easy to clean stainless steel bins and features adjustable shelves with chrome rails to help keep everything in its place and glides on BLUMOTION soft-close slides. Door mounting is easy with our patented door mount brackets that provide up to 5" of flexibility for trouble-free installation on any door style.
